PROGRAM AND DANCING

Was One of the Most Enjoyable Events in History of Camp—State and Grand Officers Were Present

Magnolia Camp W. O. W. celebrated its 27th anniversary last night with a banquet and program, followed by dancing at their hall in the Mutz building. Over two hundred members and guests were present to participate in one of the most enjoyable events the order has ever given. Visiting guests were T. L. Duffy, grand officer; C. C. Manlove, state manager for the W. O. W., and Mrs. L. B. Thrailkill, district deputy for the Circle. Each mad an interesting short talk during the evening.

Among the numbers of the program were: Instrumental solo by Maurice Woodburn; a vocal solo by Hazel Frede; a recitation by Dorothy Wallace which called for an encore; reading by Miss Iva Sparks; vocal solo by Miss Daisy Allen; violin, Miss Mabel Foreman

After the program was over the banquet tables were soon filled by the ladies of the Circle, assisted by men of the Camp served a delicious meal that included lots of good things. There was such an abundance that a number of cakes were left over and later were auctioned off, bringing a nice sum.

When all had eaten the floor in the lodge hall was cleared of seats and as an orchestra began "Turkey in the Straw" it was not long until the young people were seeking partners. The members and visitors were bent on seeing it to the end and most of them remained until a late hour.

FAVOR A BUILDING

G. A. R. DEFERS RESOLUTION, IS WAITING ACTION OF COMMITTEE

URGE ACTION AT ONCE

Would Have Structure of Imposing Design and One Which Would Meet Community Needs.

The following resolution concerning the erection of community building as a war memorial was introduced at last week's meeting of Sedgwick Post, G. A. R. The resolution was not passed for the reason, it is stated, that the members of the Post did not desire to anticipate any action of the mayor's war memorial committee, preferring to fall in line should similar action be taken by the committee that will meet tomorrow night to discuss the erection of a memorial.

The resolution follows:

Resolved, That it is the sense of the members of Sedgwick Post No. 21, Department of Missouri, Grand Army of the Republic, that it is due from this community, which includes the whole of Nodaway county, that a suitable memorial be erected, in commemoration of the glorious peace of 1919, they conquered aand in recognition of the valor displayed by our soldiers and to manifest in a public way the sincere appreciation by this community of the great personal sacrifices made by the young men and boys of this our own Nodaway county, who so nobly responded to their country's call to battle in defense of Liberty and Justice, to the end and in the language of the immortal Lincoln, "that Governments of the people, bu the people and for the people shall not perish from the earth." Our gratitude is due no less to all those who responded, though not called into active service, with chceerfulness they manifest their willingness to serve, as well as to those who met the enemy with their battle ranks of steel, and especially do we cherish a loving memory for those who by will of an overruling Providence, were called to make the supreme sacrifice and who now tenant lonely graves in a foreign, though friendly, land. Our tenderest sympathies go out to the beréaved ones at home, with our assurance that whereas the mortal remains of their loved ones now peacefully repose on the battle dield, they shahe the patriotism as they now share the grave with the noble boy, Quentin, the eagle of his family who lost his life in the youthful enthusiasm of demonstrating his willingness to make the supreme sacrifice for his loved America, and the Americanism of aan honored father, our lamented Roosevelt, and further be it

Resolved, That it is our belief that to meet the sentiments of this community, such a memorial should take the form of a building to be designated as the Temple of Liberty, to be on noble and impressing design, to be of such dimensions as will best meet the requirements of a community assembly hall, with sufficient other rooms to accommodate the Red Cross Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the National Guard, the Spanish War Veterans, and a spacious hall room for our World War Veterans with records aand relics, and if practicable, a room for a meeting of this G. A. R. Post, the W. R. C. and the D. A. R., and be it further

Resolved, That immediate steps be taken in accordaance with Mayor Garrett's request, to appoint a Committeeman from this Post to co-operate with other committeemen, and that the community proceed to raise by popular subscription, a suitable building fund, to be not less than Thirty Thousand Dollars ($30,000.00) and that all the people of this county, men, women and children, be given an opportunity to contribute any sum, great or small, thereby becoming a member of a Roll of Honor, and to the end that this community movement, in which all have an interest and pedsonal pride, shall so perpetually inspire our patriotism and love of country and that of the coming generations, that again our National Americanism be not permitted to smoulder as in the past, to the point of humiliation, if not to the verge of absolute national annihilation.

NEED BIG PROBLEMS

LIBERTY BUILDING THE IDEAL WAR MEMORIAL

COMMITTEE WILL MEET

Fifteen Organizations Have Reported Representatives in Answer to Call of Mayor W. O. Garrett.

Named on Committee.

Red Cross, M. J. Alderman.
Home Guards, Sgt. E. C. Curfman.
Normal School, C. A. Hawkins.
City Council, M. A. Hahn.

Sedgwick Post, G. A. R., Capt. Chas. Hyslop.
Foresters, Mrs Tony Bluel.
Spanish-American War Veterans, H. D. Snyder.
Board of Education, Jas. B. Robinson.
Knights of Columbus, Bernard Dougaan.

Fifteen civic, religious, educational and war activities organizations will be represented at the meeting tomorrow night of the central committee proposed by Mayor W. O. Garrett to discuss a war memorial to our soldiers and sailors. Three organizations had reported no representatives named. They are: Liberty Loan Committee, War Savings and Thrift Stamp Committee and the United War Work Committee.

"The suggestion has been made," says Samuel Wilson, manager of the Chamber of Commerce, Kansas City, Kan. in The American City, "that we should construct 'Liberty Buildings,' as memorials to our soldiers rather than spend the money for monuments of no usefulness and of questionable artistic merit. What could be better than such a memorial to those 'who have made the world safe for democracy?' In the symbolism of its name there would be an appeal to the finest idealism of the community, while the building itself would afford the physical plaans for the solution of the problems of the days of adjustment to new conditions."

Americanism is to be developed, if the concept of the community center as a school of democracy is to be realized, we must have big problem on which to work. The Liberty Loan and War Work funds were ideal undertakings, because the very bigness of them gripped the public imagination and held in close union tremendous bodies of workers heretofore unknown to each other and wholly unaccustomed to co-operation. Unless there are equally large problems yet to be solved then we shall find difficulty in keeping the broadened Community Center organization functioning."

WITNESS GOT MIXED

FRED HORN WAS UNABLE TO REMEMBER COUSIN'S NAME

THE STATE SCORES AGAIN

Contradictory Evidence Shown in the Adkins Case When Relative of Defendant Takes the Stand.

Conflicting statements were brought out in the testimony of Fred Horn, a witness for the defense in the case of Mark M. Adkins, of Elmo, charged with third degree arson, this morning. Fred Horn and his brother Clyde Horn are nephews of Adkins and the car driven by Adkins on the night of the fire belonged to the former. The prosecution had attempted to show on direct examination of witnesses that Clyde Horn had been seen with Adkins the day following the fire and had subsequently left the country.

Fred Horn testified that he had taken his brother to Skidmore to catch a train for St. Joseph. Asked why he had not driven to Clearmont or Burlington Junction for the purpose he gave as his reason that he wanted to visit his cousin who lived near Skidmore and that his brother said he would go there with him to take the train. Asked if he saw his cousin he said he did not. Asked the name of his cousin, he was unable to give the name.

Prosecutor McCaffrey introduced Horn's sworn and signed testimony before the grand jury in which he said that he did see his cousin.

Horn said that he had not seen his brother since the fire and did not know where he was. He denied that he had ever received letters from him. He was unable to tell, on cross examination, what time his brother came to his (Fred Horn's) home on the day before the fire and did not know whether he made his home with his parents or at his (Fred Horn's) home. To most of the questions asked Horn replied that he did not know, or that he couldn't say, or that he could not remember.

Horn also got mixed on his description of the tires on his car, his testimony describing the tires and their location on the wheels differently from the description and location given before the grand jury. Horn's testimony on cross examination tended to materially strengthen the state's case.

Adkins was the first witness for the defense yesterday afternoon and had been on the stand for about thirty minutes when Judge Woods adjourned court until this morning when his examination was resumed. Adkins gave direct answers to all questions, his replies to questions asked by the prosecution being emphatic and positive. Adkins said that Deputy Romasser came to his home not later than 6:20 o'clock the morning of the fire and that he went with him to the garage to examine the car.

He said that Romasser told him the engine was warm, but that he (Adkins) was unable to find that it was any warmer than any other part of the car. The defendant gave an account of his actions from the day before the fire to the day following. He told of taking his wife to Elmo to attend an entertainment and of going home shortly after midnight and going to bed, not having left the house until called from bed by Deputy Romasser.

Mrs.. Adkins told practically the same story as was told by her husband. She said that Romasser knocked on the door and asked if her husband was at home, saying he wanted to see him. When she told him Adkins was yet in bed, she said Romasser said she need not mind calling him and went back to the caar, returning to the house within fifteen minutes when Adkins came out of the house.

Miss Leona Badger, Miss Myrtle Smock, Miss Blanche Thompson and Miss Alberta Wilkerson, Elmo school teachers, were subpoened by the state and will be used as witnesses in regard to the school play at Elmo the night of the fire at Clearmont and the time the play was over.

John W. Smith for the defense this afternoon testified he was working for Adkins at the time of the fire. Asked on cross examination if he had not been taking an active part in behalf of the defendant, he said he had not. The prosectuion showed that he had made affidavit before the court that Adkins would not be able to get a fair trial before Judge Dawson, the regular judge.

The defense tried to show by a number of witnesses that a light rain fell on the night of the fire making the roads slippery. Witnesses for the prosecution testified to slight rainfall the morning following the fire.

It is expected that the taking of testimony will continue until well into tomorrow's session. The court rooms this afternoon is again filled to capacity with witnesses and spectators, the case having attracted unusual attention.

STUDY CHILD WELFARE LAWS

Maryville Branch, Association Collegiate Alumnae, Met Last Night and Discussed Children's Code.

The Maryville Branch, Association of Collegiate Alumnae, held its regular meeting last night in the recital hall of the Conservatory, taking for the topic of study the Children's Code.

Miss Mildred Miller of the Normal faculty, gave a talk on the defects of the laws for children in Missouri. She showed why it is so necessary to have a Children's Code and illustrated her talk with a chart prepared by the Missouri Commission. The talk of Miss Miller showed in what ways the laws were remiss in their care of children, not the normal child, but the defective and delinquent.

Miss Katherine Jones of the High School followed Miss Miller with a history of the Code, its provisions and its progress in the General Assembly. Miss Jones showed that the present deficiencies in our laws for children would be met and remedied if the various measures of the Code were passed and the objections that had been made at times when the liquor interests and other interests of that type conflicted.

Miss Olive Deluce led in the discussion which followed and showed the duties of the various counties if the Code passed. A number of members and guests took part in the discussion The Branch expects to devate a number of programs to child welfare in this state and in the United States and to conditions in foreign countries.

There are only two places in your whole car that need water.

One is the radiator.

The other is the *battery*.

If you forget your radiator you'll hear from it right away.

If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry.

Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge.

To Celebrate Golden Wedding.

Mr. and Mrs. Theodore Miller of West Seventh street returned last night from a visit of several months with their three sons living near Garnett and Colony, Kan. For Visiting Folks.

It Worked Fine.

A Maryville girl called up her mother at noon today and asked if she might bring her chum out to dinner. Mother said of course she might only that the family menu included no meat and the only extra fine dish was a cherry pie. So the girls compromised by going to the chum's house and eating dinner there and out to "the-party-of-the-first-part's" house for cherry pie.

Marriage License.

A marriage license was issued today to Scott Stone and Gertie C. Conner, both of Parnell.

ASK YOUR NEIGHBOR.

It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.—Adv.

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neōlin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neōlin Soles for their comfort and waterproofness.

It is a remarkable fact that Neōlin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neōlin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The expectant mother's physical comfort should be our first thought, and all about her should see to it that her preparation for baby's coming be complete.

There is a most splendid remedy to prepare women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger at the crisis is naturally avoided.

Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural.

Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store today without fail.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD-MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

FAVOR A BUILDING

G. A. R. DEFERS RESOLUTION, IS WAITING ACTION OF COMMITTEE

URGE ACTION AT ONCE

Would Have Structure of Imposing Design and One Which Would Meet Community Needs.

The following resolution concerning the erection of community building as a war memorial was introduced at last week's meeting of Sedgwick Post, G. A. R. The resolution was not passed for the reason, it is stated, that the members of the Post did not desire to anticipate any action of the mayor's war memorial committee, preferring to fall in line should similar action be taken by the committee that will meet tomorrow night to discuss the erection of a memorial.

The resolution follows:

Resolved, That it is the sense of the members of Sedgwick Post No. 21, Department of Missouri, Grand Army of the Republic, that it is due from this community, which includes the whole of Nodaway county, that a suitable memorial be erected, in commemoration of the glorious peace of 1919, they conquered aand in recognition of the valor displayed by our soldiers and to manifest in a public way the sincere appreciation by this community of the great personal sacrifices made by the young men and boys of this our own Nodaway county, who so nobly responded to their country's call to battle in defense of Liberty and Justice, to the end and in the language of the immortal Lincoln, "that Governments of the people, bu the people and for the people shall not perish from the earth." Our gratitude is due no less to all those who responded, though not called into active service, with chceerfulness they manifest their willingness to serve, as well as to those who met the enemy with their battle ranks of steel, and especially do we cherish a loving memory for those who by will of an overruling Providence, were called to make the supreme sacrifice and who now tenant lonely graves in a foreign, though friendly, land. Our tenderest sympathies go out to the beréaved ones at home, with our assurance that whereas the mortal remains of their loved ones now peacefully repose on the battle dield, they shahe the patriotisp as they now share the grave with the noble boy, Quentin, the cagle of his family who lost his life in the youthful enthusiasm of demonstrating his willingness to make the supreme sacrifice for his loved America, and the Americanism of aan honored father, our lamented Roosevelt, and further be it

Resolved, That it is our belief that to meet the sentiments of this community, such a memorial should take the form of a building to be designated as the Temple of Liberty, to be on noble and impressing design, to be of such dimensions as will best meet the requirements of a community assembly hall, with sufficient other rooms to accommodate the Red Cross Society, the Y. M. C. A., the Y. W. C. A., the Boy Scouts, the National Guard, the Spanish War Veterans, and a spacious hall room for our World War Veterans with records aand relics, and if practicable, a room for a meeting of this G. A. R. Post, the W. R. C. and the D. A. R., and be it further

Resolved, That immediate steps be taken in accordaance with Mayor Garrett's request, to appoint a Committeeman from this Post to co-operate with other committeemen, and that the community proceed to raise by popular subscription, a suitable building fund, to be not less than Thirty Thousand Dollars ($30,000.00) and that all the people of this county, men, women and children, be given an opportunity to contribute any sum, great or small, thereby becoming a member of a Roll of Honor, and to the end that this community movement, in which all have an interest and pedsonal pride, shall so perpetually inspire our patriotism and love of country and that of the coming generations, that again our National Americanism be not permitted to smoulder as in the past, to the point of humiliation, if not to the verge of absolute national annihilation.

LIBERTY BUILDING THE IDEAL WAR MEMORIAL

COMMITTEE WILL MEET

Fifteen Organizations Have Reported Representatives in Answer to Call of Mayor W. O. Garrett.

Named on Committee.

Spanish-American War Veterans, H. D. Snyder.
Board of Education, Jas. B. Robinson.
Knights of Columbus, Bernard Dougaan.

Fifteen civic, religious, educational and war activities organizations will be represented at the meeting tomorrow night of the central committee proposed by Mayor W. O. Garrett to discuss a war memorial to our soldiers and sailors. Three organizations had reported no representatives named. They are: Liberty Loan Committee, War Savings and Thrift Stamp Committee and the United War Work Committee.

"The suggestion has been made," says Samuel Wilson, manager of the Chamber of Commerce, Kansas City, Kan. in The American City, "that we should construct Liberty Buildings, as memorials to our soldiers rather than spend the money for monuments of no usefulness and of questionable artistic merit. What could be better than such a memorial to those 'who have made the world safe for democracy?' In the symbolism of its name there would be an appeal to the finest idealism of the community, while the building itself would afford the physical plaans for the solution of the problems of the days of adjustment to new conditions."

Americanism is to be developed, if the concept of the community center as a school of democracy is to be realized, we must have big problem on which to work. The Liberty Loan and War Work funds were ideal undertakings, because the very bigness of them gripped the public imagination and held in close union tremendous bodies of workers heretofore unknown to each other and wholly unaccustomed to co-operation. Unless there are equally large problems yet to be solved then we shall find difficulty in keeping the broadened Community Center organization functioning."

WITNESS GOT MIXED

FRED HORN WAS UNABLE TO REMEMBER COUSIN'S NAME

THE STATE SCORES AGAIN

Contradictory Evidence Shown in the Adkins Case When Relative of Defendant Takes the Stand.

Conflicting statements were brought out in the testimony of Fred Horn, a witness for the defense in the case of Mark M. Adkins, of Elmo, charged with third degree arson, this morning. Fred Horn and his brother Clyde Horn are nephews of Adkins and the car driven by Adkins on the night of the fire belonged to the former. The prosecution had attempted to show on direct examination of witnesses that Clyde Horn had been seen with Adkins the day following the fire and had subsequently left the country.

Fred Horn testified that he had taken his brother to Skidmore to catch a train for St. Joseph. Asked why he had not driven to Clearmont or Burlington Junction for the purpose he gave as his reason that he wanted to visit his cousin who lived near Skidmore and that his brother said he would go there with him to take the train. Asked if he saw his cousin he said he did not. Asked the name of his cousin, he was unable to give the name.

Prosecutor McCaffrey introduced Horn's sworn and signed testimony before the grand jury in which he said that he did see his cousin.

Horn said that he had not seen his brother since the fire and did not know where he was. He denied that he had ever received letters from him. He was unable to tell, on cross examination, what time his brother came to his (Fred Horn's) home on the day before the fire and did not know whether he made his home with his parents or at his (Fred Horn's) home. To most of the questions asked Horn replied that he did not know, or that he couldn't say, or that he could not remember.

Horn also got mixed on his description of the tires on his car, his testimony describing the tires and their location on the wheels differently from the description and location given before the grand jury. Horn's testimony on cross examination tended to materially strengthen the state's case.

Adkins was the first witness for the defense yesterday afternoon and had been on the stand for about thirty minutes when Judge Woods adjourned court until this morning when his examination was resumed. Adkins gave direct answers to all questions, his replies to questions asked by the prosecution being emphatic and positive. Adkins said that Deputy Romasser came to his home not later than 6:20 o'clock the morning of the fire and that he went with him to the garage to examine the car.

He said that Romasser told him the engine was warm, but that he (Adkins) was unable to find that it was any warmer than any other part of the car. The defendant gave an account of his actions from the day before the fire to the day following. He told of taking his wife to Elmo to attend an entertainment and of going home shortly after midnight and going to bed, not having left the house until called from bed by Deputy Romasser.

Mrs.. Adkins told practically the same story as was told by her husband. She said that Romasser knocked on the door and asked if her husband was at home, saying he wanted to see him. When she told him Adkins was yet in bed, she said Romasser said she need not mind calling him and went back to the caar, returning to the house within fifteen minutes when Adkins came out of the house.

Miss Leona Badger, Miss Myrtle Smock, Miss Blanche Thompson and Miss Alberta Wilkerson, Elmo school teachers, were subpoened by the state and will be used as witnesses in regard to the school play at Elmo the night of the fire at Clearmont and the time the play was over.

John W. Smith for the defense this afternoon testified he was working for Adkins at the time of the fire. Asked on cross examination if he had not been taking an active part in behalf of the defendant, he said he had not. The prosectuion showed that he had made affidavit before the court that Adkins would not be able to get a fair trial before Judge Dawson, the regular judge.

The defense tried to show by a number of witnesses that a light rain fell on the night of the fire making the roads slippery. Witnesses for the prosecution testified to slight rainfall the morning following the fire.

It is expected that the taking of testimony will continue until well into tomorrow's session. The court rooms this afternoon is again filled to capacity with witnesses and spectators, the case having attracted unusual attention.

STUDY CHILD WELFARE LAWS

Maryville Branch, Association Collegiate Alumnae, Met Last Night and Discussed Children's Code.

The Maryville Branch, Association of Collegiate Alumnae, held its regular meeting last night in the recital hall of the Conservatory, taking for the topic of study the Children's Code.

Miss Mildred Miller of the Normal faculty, gave a talk on the defects of the laws for children in Missouri. She showed why it is so necessary to have a Children's Code and illustrated her talk with a chart prepared by the Missouri Commission. The talk of Miss Miller showed in what ways the laws were remiss in their care of children, not the normal child, but the defective and delinquent.

Miss Katherine Jones of the High School followed Miss Miller with a history of the Code, its provisions and its progress in the General Assembly. Miss Jones showed that the present deficiencies in our laws for children would be met and remedied if the various measures of the Code were passed and the objections that had been made at times when the liquor interests and other interests of that type conflicted.

Miss Olive Deluce led in the discussion which followed and showed the duties of the various counties if the Code passed. A number of members and guests took part in the discussion The Branch expects to devate a number of programs to child welfare in this state and in the United States and to conditions in foreign countries.

There are only two places in your whole car that need water.

One is the radiator.

The other is the *battery*.

If you forget your radiator you'll hear from it right away.

If you forget your battery, it keeps on working for a while, but it is damaged just as surely as your engine would be if you let the radiator go dry.

Give your battery a chance to make good by having us add distilled water every week or so, and test each cell with the Hydrometer to make sure that you are keeping up the charge.

It Worked Fine.

A Maryville girl called up her mother at noon today and asked if she might bring her chum out to dinner. Mother said of course she might only that the family menu included no meat and the only extra fine dish was a cherry pie. So the girls compromised by going to the chum's house and eating dinner there and out to "the-party-of-the-first-part's" house for cherry pie.

ASK YOUR NEIGHBOR.

It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.—Adv.

THINK OF THE MONEY YOU CAN SAVE ON SHOES

Clarence J. Bloenker of St. Louis, Missouri, writes, "I have a pair of shoes with Neolin Soles and have used them for two years. I think they will last another six months."

Mr. Bloenker also recommends Neolin Soles for their comfort and waterproofness.

It is a remarkable fact that Neolin Soles cost no more than others that give only ordinary wear. You can get them on new shoes in many styles for men, women, and children—and they are available everywhere for resoling, too.

And look at the money you save—because you need fewer pairs of shoes with Neolin Soles. Remember—these soles are made by Science to be especially tough and durable. They are manufactured by The Goodyear Tire & Rubber Co. of Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear any other heels.

A Mother's Happiness Made Perfect

Of Utmost Importance That She Have Every Care.

The expectant mother's physical comfort should be our first thought, and all about her should see to it that her preparation for baby's coming be complete.

There is a most splendid remedy to prepare women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger at the crisis is naturally avoided.

Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural.

Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store today without fail.

Box and Pie Supper.

There will be a box and pie supper at the Scudder school south of Maryville Friday night, February 14.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.
